Applied Suicide Intervention Skills Training

LivingWorks **Applied Suicide Intervention Skills Training (ASIST)** is a **two-day** interactive workshop in suicide first aid. **ASIST** teaches participants to recognize when someone may have thoughts of suicide and work with them to create a plan that will support their immediate safety.

Learning Goals & Objectives:

- Understand the ways that personal and societal attitudes affect views on suicide and interventions.
- Provide guidance and suicide first aid to a person at risk in ways that meet their individual safety needs.
- Identify the key elements of an effective suicide safety plan and the actions required to implement it.
- Appreciate the value of improving and integrating suicide prevention resources in the community at large.
- Recognize other important aspects of suicide prevention including life-promotion and self-care.
