

Action Item A-1

Draft Agreement with York County for Participation in Health & Dental and Other Voluntary Benefit Plans

Background:

Colonial Behavioral Health (CBH) has historically participated in York County's health, dental, and other voluntary benefit plans for its employees. The County has proposed a draft agreement to formalize the terms of participation, including the related costs and administrative responsibilities.

Susan Goodwin presented the draft agreement to the Executive Committee on September 15th and will attend the upcoming Board meeting to provide an overview and respond to any questions. The agreement has been reviewed by legal counsel.

Recommended Motion:

That the Board of Directors approve the draft agreement with York County for participation in the County's health, dental, and other voluntary benefit plans, as presented, and authorize the Executive Director to execute the agreement on behalf of CBH.
